Dear Resident:

Re: Summerhill Woods Remediation Update

On April 10, 2012 the Town held a public information meeting regarding the Summerhill Woods Risk Assessment and the Certificate of Property Use recently approved by the Ministry of the Environment. That information is available at

<http://www.newmarket.ca/en/townhall/resourcelibrary/April122012BurnsidePresentation.pdf>

The developer has recently submitted a remediation plan to the Town for review by Town staff and external consultants including the Town's arborist. **A public Information Centre has been scheduled on Wednesday, August 29, 2012 at 6:00 p.m. in the Council Chambers at the Town Offices, 395 Mulock Drive, Newmarket,** to provide residents with information about the remediation plan and to answer questions. We realize that some residents may be on vacation at this time, so we will provide a further written update on the remediation plan following the public meeting. The developer intends to mobilize equipment on site at the end of August and begin remediation in September 2012. The estimated completion date is mid to late October 2012. The enclosed diagram shows the areas to be remediated.

For more information on the Summerhill Woods Development Area, please go to our website at: <http://www.newmarket.ca/en/townhall/summerhillwoodsdevelopmentarea.asp> or contact the Legal Services Department at 905-953-5300, Ext. 2430.

Yours truly,

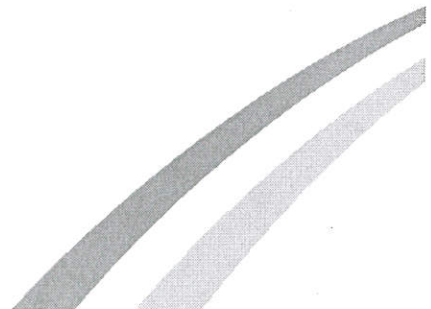

Esther L. Armchuk-Ball, B.A. (Hons.), LL.B.
